# **Level Switch MWI**

- Temperature up to 180 °C
- High switching current
- Transformer

#### Characteristics

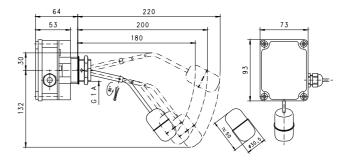

Mechanical level monitor for fluid media, with contact-free triggering of a micro switch.

#### **Technical data**

| Switch              | Micro switch                |
|---------------------|-----------------------------|
| Process             | male thread G 1 A           |
| connection          |                             |
| Density of medium   | ≥ 0.7 g/cm <sup>3</sup>     |
| Pressure resistance | PN 15 bar                   |
| Medium temperature  | -20+180 °C                  |
| Ambient temperature | -20+70 °C                   |
| Media               | water, oils                 |
| Wiring              | 2 x changeover<br>No. 0.392 |
| Switching voltage   | max. 250 V AC               |
| Switching current   | max. 5 A                    |
| Protection class    | 2 - safety insulation       |

| Ingress protection               | IP 65                   |
|----------------------------------|-------------------------|
| Electrical connection            | cable screw gland Pg 9  |
| Materials medium-contact         | CW614N, 1.4571          |
| Non-medium-<br>contact materials | ABS                     |
| Weight                           | 1.3 kg                  |
| Installation location            | horizontal installation |

### **Dimensions**

# Handling and operation

- It must be ensured that the values given for voltage, current, and power are not exceeded.
- When switched on, a load must be connected in series.
- The electrical details apply to ohmic loads. Capacitive and inductive loads must be operated using a protective circuit.
- Not suitable for use in media with ferritic particles.

## Ordering code

O=Option

| 1. | Connection size     |                           |
|----|---------------------|---------------------------|
|    | 025                 | threaded connection G 1 A |
| 2. | Process connection  |                           |
|    | Н                   | screw-in thread           |
| 3. | Connection material |                           |
|    | М                   | brass                     |
|    | к о                 | stainless steel           |
